## REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder, with a high degree of merit, and does not contain any of the impurities or other substances mentioned in your article."

"It is a scientific fact that the Royal Baking Powder is absolutely pure. The Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."

"The Royal Baking Powder is pure in quality and highest in strength of any baking powder of which I have knowledge."

W. M. MCINTYRE, Ph.D.

The Royal Baking Powder received the highest award over all competitors at the World's Fair Exposition, 1883; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists and Boards of Health all over the world.

Now.—The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each calculated, the result being as indicated. This practical test for worth by Prof. Schedler, clearly proves what every observer could see in the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, besides affording the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

\* While the diagram shows some of the alum powders to be of a comparatively high degree of strength, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

THEO. E. BARTLEY, Business Manager

TUESDAY, APRIL 16, 1889.

### PERSONAL GOSSIP.

H. F. Wood and Dr. J. R. Palmer, of Pembroke, were in the city yesterday.

Robt. Cook returned to Huntington, W. Va., Sunday after a visit to his father.

Mrs. M. E. Rodgers has returned from the Eastern cities where she had a handsome stock of millinery goods.

Judge R. T. Petree, of Hopkinsville, was in attendance upon County Court last Monday, on attorney in the case. — *Telegraph*.

Samuel Forney, a prominent young attorney of Hopkinsville, was visiting his sister, Mrs. Hutchings, on Clarksville street, Sunday and Monday. It is rumored that he has a continued case in court here — *Editor of Progress*.

These young men of Elizabethtown have not been so stirred up since Christmas as they were by the arrival of Judge Petree's accomplished niece, Miss Cora Petree, of Hopkinsville. Miss Cora makes a short stay in town this time but all who have been so fortunate as to make her acquaintance hope that she will soon return and make us a longer visit — *Editor of Progress*.

Mr. G. O. Thompson, Ex-Mayer, of Hopkinsville, visited Cadiz last Monday, the first time he had been here for thirty years. Mr. Thompson began business in Cadiz when quite a young man. He says that so great have been the changes that he would not have recognized the town. Mr. Thompson, though over seventy years of age, is one of the most active and enterprising men of Hopkinsville, and he now has more energy and vivacity than the men of thirty.

He has accumulated a competency, but is still one of the active business men of Hopkinsville — *Telephone*.

### CREAM OF NEWS.

#### Important to Farmers.

We call attention to the new and extensive advertisement of Forbes & Bro., in this issue; it will pay you to read their advertisement and call and see their line of goods before you buy. They have the largest and best selected stock of buggies and harness. No person in the city has anything to equal it. Their lines of wagons, buggies, mowers, threshers and engines are complete and can be relied on as being the best on the market. They have three immense warehouses full of goods and they intend to sell them at the lowest possible figures, also lumber, sash, doors and blinds or anything in the line of building material or hardware you can get at the lowest market price; their stock is large and complete.

#### Hail Storm Friday.

Friday was a cloudy and exceedingly disagreeable day. There were occasional showers but no rain of much consequence. Shortly after dinner a shower fell in the city with a strong wind blowing and a few flakes of snow. Further south there was accompanied by hail. At Church Hill the hail was quite severe and at Hennettown and Beverly the stones were so large that much damage would have been done if the crops had been advanced enough to be injured. It was anticipated with no bad results however, so far as we have been able to learn.

#### The New Asylum Steward.

Mr. Joseph C. Buckner will on next Saturday succeed Mr. Frank L. Waller as steward of the Western Kentucky Lunatic Asylum. Mr. Buckner is a son of Mr. S. G. Buckner and is a young man of fine character and good business qualifications. He will move his family, consisting of wife and one child, to the Steward's cottage on the Asylum premises and Mr. Waller will occupy the Robt. Mills place on Seventh street, which has rented.

#### Ups and Downs of Life.

Rev. H. M. Wharton, of Baltimore, has consented to deliver a lecture on the "Ups and Downs of Life" at the Baptist church on May 17th, for the benefit of the Ladies Mission Society of the church. This is a fine lecture, abounding in humor, and is sure to be largely attended.

#### Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Pigs, in cleanse the system when constipated. For sale in 50 cent and \$1.00 bottles by all leading druggists.

#### City Court News.

Jno. Goodall, col. drunkenness, fined \$5 and costs.

#### J. H. Grissom, drunkenness.

Fined \$5 and costs.

#### Geo. Phelps, col. drunkenness.

Fined \$5 and costs.

#### Sam Leavell, col. jumping on train.

Fined \$5 and costs.

#### John Torlar, fast riding.

Fined \$5 and costs.

#### Mass Convention Called.

The Democrats of Christian county are hereby called to meet in mass convention at the court house Saturday, April 27th, at 1 o'clock p. m., for the purpose of choosing delegates to the State Convention at Louisville, May 8th, to nominate a candidate for State Treasurer.

#### S. G. BUCKNER, Ch'mn.

#### W. A. WILSON, Secy.

The last show of the season tomorrow night should draw a full house.

### HERE AND THERE.

No marriage license issued since Friday.

Rogers & Taylor's livery stable, Fritz's old stand.

The "Pigs in Clover" puzzle has reached Hopkinsville.

Go to A. G. Bush for boots and shoes and save money.

Wiley & Parker want 20,000 lbs. wool. Farmers see them before selling.

Read the call for a Democratic mass convention at the Court house April 27th.

Tickets, if you want to see the latest in spring millinery, call on Mrs. Carrie Hart.

The rain of the first of the week was hardly needed. Vegetation will now grow rapidly.

There are thirty-two fire insurance companies represented by the Hopkinsville agencies.

A new line of pattern hats and bonnets received ready for Easter, at Mrs. Carrie Hart's.

L. L. Buckner is prepared to break young horses, and also train horses for the turf, on his track.

L. Barnes, of Providence, has rented the Sabre Hotel for this season and has taken charge of it.

All the ladies admire the new millinery to be found at Mrs. Hart's, and they are surprised at the low prices.

There was hardly a day last week that some dishing party did not leave the city in high spirits. As a rule they returned empty handed.

J. Clay Johnson, the forger, in jail at Clarksville, still appears with morphine last we k. The drug had been given him for neuralgia.

Forbes & Bro. have just finished for the Hopkinsville Coal and Coke Co., a new and improved truck wagon, the only one of the kind in the city.

The Baptist church will have a hard task to fill the place of the retiring pastor, Rev. J. N. Prestidge. In many respects his place cannot be filled.

On our first page to-day will be found a striking and instructive illustration of the comparative worth of the various kinds of baking powders now in the market.

Mr. Frank R. Richardson, of Penhook, is to day announced as a Democratic candidate for the Legislature, election Aug. 11th. So far he is the only announced candidate of either party.

As usual, Miss Alice Hayes' selection of Military Goods is the latest style. She has just opened her stock and the ladies are invited to call and examine. A more choice selection cannot be found anywhere.

The trial of Champ Glat for killing Sam Wimbley at No. 20 several years ago was set for yesterday in the Hopkinsville Circuit Court. There have been one or two trials and the case has come to be a "chestnut" on the docket.

Mr. J. H. Pollard, the life insurance agent, is now at Dixon. Mr. Pollard is quite well known throughout our county, and has made many warm friends since he has been circulating among our people. — Webster Sentinel.

J. Lieber, proprietor of the shaving parlor over Houser & Ballard's, has engaged Mike Patton, an experienced artist from Delaware, Ohio, who can now be found assisting him. He will be pleased to have those needing work in his line call upon him. His card appears in another column of to-day's issue.

The County Court of Claims met yesterday for the consideration of important matters of business. It will be in session for several days. There are no questions this time calling for any very great amount of legal orating outside or oratory inside, as was the case last October. Only routine business will be transacted. One question will be to decide whether the bond surplus shall be loaned out, or used to temporarily stop county taxes.

The lecture of Dr. Willits last Thursday evening was attended by a rather small crowd, considering the extraordinary efforts that had been made to fill the Opera House. The subject of "Abnormal" proper was briefly touched upon in the beginning, but the lecturer devoted himself chiefly to picturing the bright side of life, throwing in an anecdote now and then to add spice to the address, which occupied an hour and a quarter. It was an enthralling and instructive throughout and deserved a larger hearing.

Milton Nobles' powerful new drama, "From Site to Son," is drawing large and fashionable audiences at the Grand Opera House. The play is most skillfully constructed, and the interest is maintained to the end. Mr. Nobles does some superb acting when temporarily stricken with speechlessness in the first act, and with a spontaneous calligraphic sketch of the second act, when he recovers the power of speech. The company is an unusually strong one, and the stage settings rich and appropriate. Milton Nobles' sympathetic acting in the dual role of mother and daughter is one of the most interesting features in an altogether excellent performance. "From Site to Son" has promptly taken its position among the very best productions of native dramatists. — *New York World*.

Increase the appetite by the use of Ayer's Catharine Pills. They cause the stomach, liver and bowels to perform their functions properly, do not debilitate, by excessive stimulation, and are not irritating in their action. As an after-dinner Pill they are unequalled.

Mass Convention Called.

The Democrats of Christian county are hereby called to meet in mass convention at the court house Saturday, April 27th, at 1 o'clock p. m., for the purpose of choosing delegates to the State Convention at Louisville, May 8th, to nominate a candidate for State Treasurer.

S. G. BUCKNER, Ch'mn.

W. A. WILSON, Secy.

The last show of the season tomorrow night should draw a full house.

A gentleman who shovels news for this great disseminator of knowledge hid himself to the river banks Saturday and extracted from the limpid depths of their liquid home a large representation of the Ann tribe. The particular locality of his exploit was about six miles south of town and his success was largely due to the friendly guidance of Col. Wm. Rivers, who knows every good fishing place in Little River. Several other gentlemen were also along who had some success and who contributed to the day's enjoyment by bringing with them baskets well-filled with bait — for the fishermen not the fishes.

Early gardeners are now looking as promising as the owners could possibly wish.

Corn is coming up nicely and the farmers' work is now ready to begin in earnest.

The tobacco crop will be a short one compared with that of last year acreage.

The woods are fragrant with the sweet perfume of blooming trees and flowers.

The farmers were getting impatient for a tobacco season when Sunday's rain came.

Edgar Bradshaw sold a large gray Almo mare in P. H. McNulty, last Friday, for \$150.

The Nashville accommodation train is doing but little if any business north of town.

A some enterprising boy would catch innumerable for sale could do a laudable business.

That most of the saloons now have inside screens or partitions instead of the regulation green blinds of former days.

Frank Richardson expects to make the fight for the Legislature with the intention of winning. He says he is in the race to stay.

Col. John Lester's horses adorning have been missing since the gale of last Friday. The general Colonel himself escaped by a close shave.

The Frankels have had the long hair on their Shetland pony clipped and he now presents a very smooth and comely appearance in his quarters in their show window.

Judge McPherson's chin whiskers, through which the whisks of twenty years have blown him, have been faced with the advent of spring and his Honor's facial pride has been greatly enhanced.

That the liquor business is not proving as profitable as the saloons hoped. Many of the blithous inclined still prefer the cheaper and more convenient jug system of prohibition times, and have not given up their patronage so far.

New postmasters near by: R. W. Williams, Morton's Gap; M. E. Taliferro, Nortonsville; D. Q. Boston, Slaughterville.

Rev. Steve Holcombe closed his ten day's engagement at the Methodist Church Sunday night and left yesterday.

A wreck on the road beyond Bowling Green delayed the mulls several hours.

Prof. Wm. H. Thompson, M. D. University of New York, New York city, says: "More adults are carried off in this country by chronic kidney disease than by any other one malady except consumption." This shows that Dr. Thompson considers kidney disease a frightful malady. He also says "Bright's disease has no symptoms of its own, but has the symptoms of other diseases." This renders why Warner's Saf. Cure cures so many different diseases, as that by curing symptoms, which are called diseases, it strikes at the root of disease itself.

M. Frankel's Sons.

DYE WORKS!

Joe Earl, the Dye House Man, is now dying on 13th St. in front of Maj. Ferrell's School House. He will Die, Renovate and Repair Old Clothes for a small sum, making them look as fresh and clean as do clothes of a second hand clothing bazaar. Give him a trial and he will do your work satisfactorily.

The Pullman Vestibule Limited Trains, which the Chesapeake & Ohio Railway Company will commence running between Cincinnati, Louisville and eastern cities in May, will be lighted by electricity and heated by steam. Those trains are said to be as handsome as any that have ever been constructed. The Pullman Company has built new sleeping-cars of the latest and handsomest pattern for those trains. One of the vestibule cars will be detached from the train at Charlottesville and run through to Old Point; others will come from Louisville. Four dining services on this train, cost about \$16,000 each.

MATRIMONIAL.

Mr. J. E. Payne and Miss Cello White, of Christian county, Ky., were married at the Arlington Thursday morning by Dr. Scarf. They were accompanied by Mr. J. L. Payne and Miss Molle Brasher, who were to be married also, but Miss Brasher changed her mind after arriving at the hotel. It was a runaway match — Clarksville Democrat.

DEATHS.

Mrs. Bettie Cayce, wife of G. Roy Cayce, Esq., died at her home a few miles south of the city on the 12th inst., after a long and painful illness. She was about 35 years of age and leaves seven children.

COLORED.

Infant child of Rev. S. H. Mitchell, in the city, on the 12th inst.

A Famous Oath of Long Ago.

Another dish which was noted in the olden time went down at the same period. This was the peacock. It was served in two ways. The bird was skinned, the body roasted, and the skin placed on it again before it was sent to the table, or it was imbedded in a pie with the neck and head and the tail fastened in the crust. In my event a rich gravy was served with it, and it will sound strange to modern cooks to learn that minnows were always used. Some of the old recipes under this heading call for a peacock's head and neck and tail and a pie with the bird inside. — *Metcalf's M'Co.*

NEW MILLINERY.

Mrs. M. E. Rodgers is back from the east with an elegant line of millinery. Call and see her handsome stock.

For Sale Cheap.

Two No. 1 bay horses, good size, color and condition. One very gentle, lady can drive with safety; good style, drives well together. Will sell separate. Apply at once.

METCALF'S M'CO.

### THEY SAY—

Young colts are now quite numerous.

Dogwood blossoms are in full bloom.

Clover pastures were never in finer condition.

The moon was full at 5:11 yesterday evening.

Spring chickens are not yet ripe enough to pull.

April showers have been rather scarce this month.

Tobacco plants are being destroyed by flies where they are not covered.

Early gardeners are now looking as promising as the owners could possibly wish.

Corn is coming up nicely and the farmers' work is now ready to begin in earnest.

The tobacco crop will be a short one compared with that of last year acreage.
